**From Your EO**

Hope this finds all of you safe and healthy.

This is a very difficult time for our community and our state, but we're strong and we will survive.

We are trying to keep our FB page updated with helpful information. If you haven't already, please like our page.

Some of you have indicated you would be interested in sponsoring a lunch. Please check the available dates on page 1 and let me or Novella know your preference.

Thanks to Gary Walker (City of Maryville) and Jeff Headrick (Blount County) for sharing news of their codes department.

If you have any information you would like me to share, please let me know. Builders especially like to know of any changes in material prices or any needs you might have. One of the many things I like about our association, members are always willing to help each other if needed.

The information shown at the end of this page is something you can pass along to fellow contractors who are not members, it is a good tool to use to sign up new members.

**Be safe**

**For now I am in the office as usual, call if you need anything.**

**Board for Licensing Contractors**

**Public Chapter 186**

**Residential Continuing Education**

**Attention:**

**Contractors licensed after January 1, 2009** with a Residential classification as follows: BC-A, BC-A/r; Spec Homebuilders and those with a combination BC-A,b(sm) license classification will be required to obtain Residential Continuing Education (RCE). This law went into effect January 1, 2020.

A membership and attendance in an approved local trade association where membership can be counted as 4 hours will serve as continuing education. You will be required to attend a certain number of meeting each year. I will have more information about this after March 31.

| Contactor License Expiration | RCE Hours |
|------------------------------|-----------|
| 01/31/2021-12/31/2021        | 4.0       |
| 01/31/2022-12/31/2022        | 8.0       |
| 01/31/2023 and thereafter    | 8.0       |
